NATIONAL MINIATURE PYLON RACING ASSOCIATION INC.

PRESIDENT/: Ron Schorr
TREASURER 5224 Teesdale Ave.
N. Hollywood, CA 91607
(818) 985-5527

QM VICE PRESIDENT: Wayne Yeager
38235 Castle Dr.
Romulus, MI 48174
(313) 941-6661

SECRETARY/: Bev Wisniewski
EDITOR 9222 Cedar St. #2
Bellflower, CA 90706
(213) 866-2703

SEPTEMBER 1984

AMA AFFILIATED

SINCE 1965

President's Page

Gentlemen:

Congratulations to Bob Brogdon on winning Formula 1 at the 1984 Nationals. Dub Jett was second, and Dave Shadel third. In FAI Dave Shadel finished first, Gary Hover second, and Ron Schorr third. Phil Bussell finished first in Quarter Midget. Ted Burns was second, and Gail Jacobson third. I would like to thank everyone who officiated and worked. Unfortunately, the site chosen for racing was very bad. In fact the entire R/C area was poor, and this created much ill will between the AMA and its members.

Two important notes: (1) if you think you are going to qualify for the Championship Race in SMYRNA, please make your room reservations early as there seems to be a shortage. (2) it is time to vote for President of our organization. Please exercise your right and vote.

With sincere regards,

Ron

P.S. Local note: There will be two one day races in San Luis Obispo on September 15 and 16, 1984. Rumor has it that there will be cash awards. The more people who attend, the greater the cash.

* * * CANADIAN NATS REPORT * * *

The 1984 Canadian Nationals were held in late July at Cayuga, the racing capital of Ontario. The race site adjoins a drag strip and an oval track is located a few kilometers away.

Registration and model processing was conducted on July 15th with three pylon events flown on the 16th and 17th. Entries were down compared to previous years but the quality of competition was high. Many pilots came from the NE and NCE Districts in addition to many fine Canadian fliers.

Sport Pylon was the first event flown on Monday afternoon and it drew 18 entries. The rules were similar to the AMA Sport Pylon class and the "Scat Cat" was the most popular model. Mike Helsel flew a "Thunder Quickie" which was distinctive with its T-tail configuration. Engine brands included many models of side port schnuerles made by various Italian and Austrian manufacturers. This author used a U.S. made K & B 8011 and was totally outclassed. Times were very fast with several pilots turning in the 30's on a Formula I size course. Fifty-six heats of 3 planes each were flown in 8 rounds. There were very many close heats with an abnormally low number of crashes despite the 25 knot wind. No mid-air encounters were encountered either.

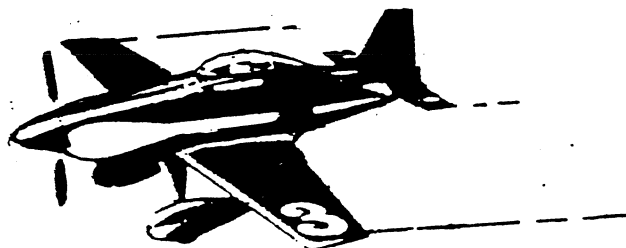

Formula I and FAI Pylon began at 9 am Tuesday and lasted until 7 pm; a very long day! The days weather was mixed with sunny skies, heavy clouds, and rain squalls. The wind was consistent at 30 knots but at a direct crosswind to the course layout.

Formula I drew 11 entries who experienced a large number of zeroes due to cuts, blown engines, and bad engine runs. Eight rounds of this event proved to be a test of survival skills. Nevertheless, Dave Kelly of Niagara Falls, Ontario was a winner with only two points down from a perfect score. Dave Keats of Troy, Michigan and Mike Helsel of Plymouth, Minnesota placed 2nd and 3rd respectively. Dave also had Fast Time of 1:21.6 in Formula I.

FAI Pylon began at 3 pm under sunny skies but Round 2 was flown in the rain. There were seven entries in this relatively new event although there were many curious onlookers on the sidelines. Two and 3 plane heats were flown for 8 rounds to determine the FAI winner. There were very many close races although the FAI scoring system emphasizes elapsed time. Even freebies must be flown as if to set a Fast Time. This new event produces a variety of aircraft and engine types. Neil Watson flew a neat "Bonzo" model built by Bruce Knox. Al Baker of Ontario had a Folkerts SK-3. Ernie Nikodem of New York selected a P-40Q and pushed it to a Fast Time of 1:28 flat in FAI. That's moving for alky fuel and a quiet muffler! The results are shown opposite and reflect the speed and consistency of the entrants.

Trophy mugs were awarded to the top three place winners in each event. One point of worthy mention is that all pylon officials and workers came from a single club in Waterford, Ontario with a total membership of 10 dedicated individuals! Thank you Waterford Club for a job well done!

Submitted by Art Arro, NCE/VP

JUST FOR YOU

The News Release for next month will be late. I will not return from Mass. until Sept. 25. Be sure and get all your reports in before then so I can put it together upon my return.

All nominations for District V.P.'s and QM V.P. must be in my home no later than Sept. 25. PLEASE GET AN ACCEPTANCE FROM YOUR NOMINEE!! If the nominees wish to make a statement to be included with the ballots the same deadline applies. NO EXCEPTIONS!!!!

Wayne Yeager has been nominated and accepted a position of the ballot for QM V.P. Anyone else?

Our NATS are over. I hope most of you enjoyed them. The R/C site was not very good. The erosion due to bad Spring weather was worse than I had imagined. Sorry about that. Now we will look forward to next year at Chickopee, Mass. on Westover Air Force Base.

REMEMBER

Due to my schedule this summer that Ron Schorr will be doing the majority of the work on the Championship Invitations. Please get your points reports to him as soon as possible. By telephone if necessary. DON'T FORGET!!

RACE REPORT

SIGNAL SEEKERS QM
JULY 22, 1984
WESTLAND, MICHIGAN

B. POLZIN, C.D.

This was only the second QM race on the CAPS circuit so far this year, although you'd never know it from the times. With the temperature and humidity about as high as it gets in Detroit (94°, 70% R.H.), the race got off to a fast start. Denny Sumner, Ken Hulik, and Steve Metzger, were in the first heat of the day. Denny won with a 1:22 to Ken's 1:23, and the pace was set. Sumner with his usual smooth flying turned another 1:22 and won the fast time with a 1:20 heat.

A lot of flyers had needle trouble due to the weather, but all in all it was a smoothly run race with only one incident. Jim Gager entered his first pylon race of the year and mid-aired his new Heinkel in the second round.

FINAL RESULTS

<u>POS.</u>	<u>NAME</u>	<u>POINTS</u>	<u>FAST TIME</u>	<u>ENGINE</u>	<u>AIRPLANE</u>
1.	D. Sumner	20	1:20.8	Nelson	Estrellita

TO THE MEMBERSHIP:

I am announcing my candidacy for NMPRA President. Our organization has flourished over the years through the hard work of many of its officers, District Vice Presidents, and most importantly its membership. As most of us know, membership has been dwindling and apparently will continue unless those of us who are left take an active precipitatory role in promoting our racing events, soliciting new members and helping with their development. We all know that it takes a special commitment to race no matter how you approach racing.

My qualifications in addition to being the AMA R/C Pylon Contest Board Chairman, for those of you who don't know me, is that I am an active Pylon Racer. I was the NMPRA Western District VP in 1981 and have been instrumental in developing and promoting the annual San Luis Obispo Formula I Race.

If elected, a few of my goals include:

1. Unifying the organization so that energy currently being wasted on non-productive "in fighting" can be redirected to promoting the organization.
2. Revision of the Race Procedure Guide; updating it to current race practices.
3. Work at improving relationships between the NMPRA and the AMA to our mutual benefit.

I thank you for your consideration and ask for your support.

As a reminder, the important thing is to VOTE, that is your right.

Sincerely,

A handwritten signature in black ink, appearing to be "J. Jones" or similar, written in a cursive style.
