President's Corner

by Trey Witte

The 2018 season is quickly coming to an end. Just a few more races are left.

See the schedule below to find a race near you and sign up!!

2019 Race Schedule

CD's need to start looking toward 2019 now and get your dates to Mike Helsel. With new venues coming online, dates will be taken up quickly. Please be mindful of competitions that have had the same date for many years and do not overlap. If there are

any concerns, call up the CD and talk it through. Include Mike Helsel in these conversations.

2019 NMPRA Q40 Championship race

The 2019 NMPRA Champ race is scheduled to be on the West coast. I have posted the call out for venues to submit bids for the race on the Forum. As soon as the timeframe closes, I will bring the bids to the Board to vote on the location. I will post the results on the Forum.

District 8 VP

I am still looking for a new District 8 Vice President. If you live in Arkansas, Kansas, Louisiana, New Mexico, Oklahoma, or Texas, please consider stepping up and joining the NMPRA board.

NMPRA Officers

No new nominations were submitted so the NMPRA board shall stay in office.

Until next time....
Pull Harder!!

| Business Card | 3.625"x 2.375" | \$10 | \$45 |

DISTRICT NEWS

District 3: Randy Smith

We began late and ended early. That's how our racing season went in District 3. We mustered only three race contests this summer. Edmonton, Calgary, and Saskatoon hosted races while Medicine Hat cancelled due to lack of club helpers. Regina continues to be off the roster going on a few years now for the same reason. I suspect we will have to do more travelling now to get enough racing to satisfy our need for speed.

At the last race of the season in Saskatoon, we scheduled a two-day 426 event. Day 1 concluded with Ted Ellefson and daughter-caller, Jillian, capturing first place with a perfect day of all wins! Roy Andrassy placed second, and Randy Smith took third in a very exciting fly-off with Hank Kauffmann. Day 2 was blown out by brisk prairie winds. We had lunch and all went home.

On Saturday evening, the district celebrated the brief but fun racing season by hosting a year-end chicken BBQ with all the fixin's. There was even PIE for dessert. We decided to spend district money on the BBQ for all pilots and callers rather than award a few trophies to the same old guys again this year. This format seemed to be popular and appreciated by all.

District 3 Season Results

District 3 in Canada finished up its last race of the season in Medicine Hat, AB. The Medicine Hat RC'ers hosted a two-day 426 contest. Many thanks to Al Kramer and the Medicine Hat club. The club did a great job of hosting the event and judging the pylons for us. A special thanks to Mike Saucier and Ed Coddling for performing the duties of starter out in the blazing hot sun for two days.

The district winners fell out as follows:

426

- | | |
|-----------------|----------|
| 1. Roy Andrassy | Calgary |
| 2. Randy Smith | Calgary |
| 3. Kevin Umbach | Edmonton |

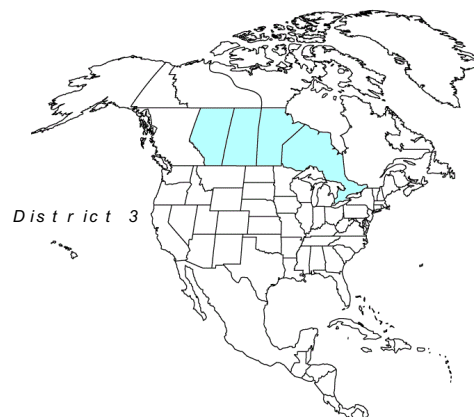

422

- | | |
|-------------------|---------|
| 1. Roy Andrassy | Calgary |
| 2. Hank Kauffmann | Calgary |
| 3. Doug Houston | Calgary |

The grand champion for combined best performance in both 426 and 422 was Roy Andrassy.

NMPRA Champ Race

Randy Smith and Alan Umbach from our district travelled 1500 miles from Alberta to the Mile High Q40 Champ race near Littleton, Colorado. This was my first time to Colorado (in the summer) and to race pylon. I have to say it was a very enjoyable race. The mood was light and fun. The organization was top notch and the racing was exciting. Forty-eight competitors battled it out in the hot, dry, and THIN air of Colorado. Some measurements of density altitude reached nearly 8000' above sea level at times.

Most were successful in making adjustments to the motor and propeller to account for these local conditions. The thing was it was an even playing field for everyone so there were no excuses. After nine rounds of racing Al Umbach finished in a very respectable tenth place. I was tied for fourth place with Mike Langlois and Eddie Jump. After agreeing to decide placing based on fast times, I dropped to sixth place.

Many thanks to Hank Diepenbroek and all of the JEFCA Aeromod'lers for putting on a great race. The pylon judging and starters were excellent. Smiley fed the crew with a Mile High lunch second to none, and the overall racing facility was superb. Thanks guys! I'll be back the next time you host the Champ Race.

Randy Smith and Alan Umbach of District 3 take home hardware to Alberta Canada from the Mile High Q40 Champ race

DISTRICT NEWS

District 4: Travis Elbert

Hello Fellow NMPRA Members,

Racing season is all but over here in Montana and building season is on its way.

Twin Falls Idaho's Magic Valley Aeromodelers held their first sanctioned race on August 4th and 5th. Olen Foreman was the CD and did a fantastic job. The two-day race brought in eight racers from Montana, Idaho, Washington and Canada. They have a very nice flying site, lots of wildlife to watch, and plenty of room for 5th wheels and trailers. Prizes were donated and raffled at the race including a Little Toni Ef1 kit and a very nice Taylor Craft. The race results are as follows:

| 424 | Fast Time | Points |
|-----------------------|------------------|---------------|
| 1. Matt Russell | 1:26.87 | 15 |
| 2. Allie Russell | | 13 |
| 3. Bryan Wood | | 11 |
| 4. Leon Elbert | | 9 |
| 5. Charles Swaney | | 6 |
| 6. Chris Baker | | 5 |
| 7. Bryan Differdaffer | | 4 |
| 8. Shane Elbert | | 3 |

| 426 | Fast Time | Points |
|-----------------------|------------------|---------------|
| 1. Shane Elbert | 1:09.12 | 15 |
| 2. Allie Russell | | 14 |
| 3. Brian Differdaffer | | 10 |
| 4. Matt Rusell | | 7 |
| 5. Leon Elbert | | 5 |
| 6. Charles Swaney | | 4 |
| 7. Bryan Wood | | 1 |

| Ef1 | Fast Time | Points |
|-----------------------|------------------|---------------|
| 1. Allie Russell | | 15 |
| 2. Shane Elbert | 1:14.16 | 14 |
| 3. Matt Russell | | 13 |
| 4. Bryan Differdaffer | | 10 |
| 5. Travis Elbert | | 10 |
| 6. Leon Elbert | | 8 |
| 7. Charles Swaney | | 8 |
| 8. Bryan Wood | | 6 |

Special thank you to Bryan Wood for facilitating this race.

In other news GR7 and Denight Special Ef1 are now available through Shane Elbert

Just wanted to start this with a low cost, simple way to run a race. We are all used to all the fancy electronics and instant feedback, but the Minnesota guys have been doing it a super simple way with three workers for many years now. First, all you need is three pylons, a bit of chain link fence to protect the starter, four walkie talkies, and a big clock with only a second hand. You also need only three workers. Got your attention?

Here is how it works. The clock starts, and the launch occurs when everyone is ready or, at the latest, when the minute is up. Fliers fly ten laps and the starter keeps track of finish order. After the race, the starter gets the cuts from the pylon judges. Two cuts is a zero. One cut puts you at the bottom for that heat. They do not keep track of who passes whom; they keep it simple. If two airplanes have one cut, finishing order is dictated by finish order. Nice and simple.

The starter can be the same person all day, or the fliers can rotate who does the starter duties. At the end of the day, point ties are flown off. Simple, no times, and no disputes or equipment problems. The Minnesota crowd can easily adapt to the more complex system the rest of us use, but their system uses almost no equipment and uses 5 fewer workers. It's low tech, but accomplishes the same goal - fun and competitive racing. Perfect for a club wanting give three-pole racing a try.

Just wanted to highlight one of our top racers in District 5, Daniel Troup from the Cincinnati RC Club. He has been racing for I think four years now, starting at age 14. In those few years he has flown every event except 1/4 40. He typically does the Iron Man at local contests (all three events on Saturday). The NATS is a local contest for our district, and Daniel has participated in the last three. Last year he came in second at the NATS in EF1!!! I could go on and on about Daniel's accomplishments so far, but I have never seen a racer more focused than Daniel. He is a great competitor with many accomplishments ahead of him. Congratulations Daniel for all you have done, and we look forward to your bright future ahead.

Jim Nikodem

DISTRICT NEWS

District 6: Peter Tani

Hello all,

More good timing. I write on the day following the final 2018 district 6 race that I am aware. Great fun and even greater racing.

This year's obvious success is marked by our August two-day "Pete Reed Barefoot Showdown." Thank you Ralph Rinaldi for your super-human capacity and effort while being the events contest director. Thank you too to all who worked hard. Thinking it was a very well received and successful event over all. It was a great gift that I was able to overlap a little with Pete. At our August race, a small and well-populated temporary shrine was assembled with a few artifacts and pictures in an effort to commemorate and honor the person for whom that the event is named. A great part of this work was done with the help and quiet leadership of current NCRCC activities director and former racer Irv Thurrott. Knowing Pete, I think he would have preferred a little less fuss being made about his contributions to east coast racing, and I know that he would also likely forgive us all in the end. Thank you Irv T for thinking to put together this small commemorative. Special thanks to all who traveled great distances to attend.

Our most recent race was sponsored by the Salem RC Propbusters and their former president and current racer Dennis Duplice. Thank you Dennis. It is his club and his membership that possesses the greatest consistent strength for workers and not sure his secret and would still like to learn. With Dennis's help we even managed to recruit their local club's starter and assistant starter for two days at our August event. Thank you to all these individuals.

Attendance of yesterday's Salem race was not spectacular but ample and by direct observation was enough for a successful and very enjoyable event: We had ten in AMA 426 and thirteen in AMA 424. Our current race matrix producer/ computer hauler and recent Nat's overall champion was unable to attend. He passed our regional race computer back to me for the day. I am glad to have the chance to run the race computer once in a while so that I do not lose sufficient skill to run a race matrix when required and as necessary. It is always a good idea to have a back-up plan.

As a general rule we do not allow teams in AMA 426. With a limited number of racers we run a better race matrix with an "every racer for himself" approach. This time with only thirteen in AMA 424, I tried to limit teams in general and in addition tried to limit individual team numbers to only two members per team. By happenstance, my race partner was also unable to attend, and I did not race with a dedicated partner but elected rather to pick up a caller race by race.

We also ran three rather than four lanes and with thirteen entries, the last two heats of every round had only two scheduled competitors. (I.E.: 3, 3, 3, then 2 & 2 makes 13 racers a round) With normal

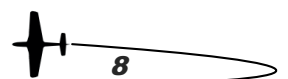

attrition there were many match races especially toward the end of the event. With no dedicated caller myself and my choice of any available caller, I chose Lloyd Burnham for several match races that I knew would be extremely close. This resulted in some very enjoyable one-on-one races against many whom I have battled for years. It was extremely enjoyable I think too for those competitors who were just watching, and I imagine that Lloyd was pleased to see and call for his former student while battling his now current peers in some very tight racing. Thank you Bill Glode, Michael Fiorito and Mike Masi for some great, close and extremely enjoyable racing.

I had a chance to take a look at Leo Nordell's most recent jacket. Spectacular! Thank you Joyce H. and Terry F. for supporting the youngest in our fold. Very thankful for both of your support for things racing in general and especially for your support at the national level.

One of the district 6 low points for things racing in 2018 was the generally uncooperative weather. Our very first 2018 race, the Ellington Spring race planned for May 6, 2018, was cancelled in advance due to inclement weather. In general, four out of seven local club events were also affected by weather this year. For two events, 1) the Pete Reed two-day race and 2) the "Nutmeg State Electric Fly-In" I will argue that the rain was part of the overall entertainment value, especially due to its intensity and that we are blessed with a very free-draining soil at our flying field and also, thankfully, reasonably good weather thereafter. Of course both these events could have benefited by perfect weather but there is always something to be said for the ability to deal with adversity in the immediate. Thank you to all that persevered our kooky New England weather.

Another short coming was poor attendance at our planned Wintonbury race. Hoping for better in the very near future.

Peter Tani 23J

HIGH PERFORMANCE

The word "JET" is written in a large, bold, black, sans-serif font. The letters are outlined in white. To the right of the letters, there are several horizontal black lines of varying lengths, creating a sense of motion or speed. The lines are stacked vertically and extend to the right edge of the image.
