NATIONAL MINIATURE PYLON RACING ASSOCIATION • SINCE 1965 • AMA AFFILIATED • August 2017

President's Corner

by Trey Witte

The 2017 racing season is ½ over!!! We have had a lot of racing so far and have a lot to go. Be sure to check the national, regional and local schedules for upcoming racing this Fall.

2017 Pylon Nationals

The 2017 Pylon Nationals are in the books. It was a great week of racing. We had 96 total entrants. This was a little down from last year with the F3D World Championships going on. But, a great turnout. We flew Club 40, Warbirds, 424, EF1, 426 & 422. Several people need to be brought to the forefront and thanked for all that they did to help make this years competition run smoothly. Yolanda Jones with the AMA. Without her we would not have been registered. She puts up with each and every one of us and our procrastination. Mike Helsel, Terry Fraser, Jason Duda, Steve Baker & Duane Hulen for taking care of the processing. Tom Scott, Tom Melshimer and Jim Nikodem for handling the course system every day. Chuck Andraka for creating the matrices and the AWESOME website that posted the matrices, standings and results. Dennis Cranfill, Mark Parker and Dickie Ritch for the great banquet food. Dan Kane for all the help planning, running and answering questions. Tim Sparks for running the Club 40 race and Marty Flood for running the Warbirds race. And last but certainly not least is Mike Condon and Pete Bergstrom. These two work

tirelessly so we can have fun racing. Running a race the size and complexity of the Nationals is no small feat. They do a great job!! Take a moment and thank them.

Congratulations to all of the winners:

Club 40

Bronze – David Poland
Silver – Jordan Peace
Gold – Tom Koehler
Trophy Races
Silver – Clint Seyer
Gold – Gary Fisher

Warbirds

Bronze – Ray Brindos
Silver – Robert Holik
Gold – Robert Holik

AMA 424

Champion – Darwin Larson
Fast Time – James Padelt (1:21.45)
Best Junior – Daniel Troup

NMPRA EF1

Champion – Travis Flynn
Fast Time – Travis Flynn (1:09.92)
Best Junior – Daniel Troup

AMA 426

Champion – Rich Beers
Fast Time – Gary Schmidt (1:02.06)

AMA 422

Champion – Gary Schmidt
Fast Time – Gary Schmidt (0:59.63)

AMA Category Champion

F5D Team Trials

The Team Trials are almost here. Look to the Forum for final details and results.

2018 Race Schedule

Now is the time to get your race on the schedule before anyone else takes your date. Get with Mike Helsel with your dates.

District 8 Vice President

District 8 is in need of a VP. Ben Hobbs has held this position for several years and needs to step away. If you live in the district and would like to help out, please let me know.

Officer Nominations

All positions are open for nominations. We will now take nominations until September 15th. If there are any races, elections will be done online. I will post on the Forum with details.

Newsletter Publisher NEEDED

If anyone is out there with a good working knowledge/talent for designing/publishing a newsletter, please get in touch with me. Ben Hobbs has done a great job for several years, but needs to step back for personal reasons. Any help with this would be greatly appreciated.

Personal Note

So after a year of struggling to keep up with the NMPRA, I am still walking above the dirt. I have forgotten many things, been late on just about everything and hope that I can do a bit better the rest of the year. My work has been a blur, starting a new project early in the year, losing that job and

starting a new one. I am settling down nicely and enjoying the reduced stress. On the personal side, it has been just as busy. Got one son married off in the Spring and my youngest graduated high school and turned 18 in the same month. Did I say the stress level was HIGH!!! I recently bought my son, JC, a car. When it is modified to hand

controls, watch out if you are in North Carolina. I am not responsible!!

Until next time....

Pull Harder!!
Trey

DISTRICT NEWS

District 3: Randy Smith

Finally, something to write about. Our racing season here in the North got off to a very late start. Our first contest in the district was not until June 24, 25 in Edmonton. We raced 426 and 422. The Umbach boys did a great job of hosting the contest at the ERCS club field. It was a joy once again to race at their pristine grass field. The local club members did an excellent job once again of judging pylons and counting laps. There were no problems and the weather was fantastic. 426 winners were Ted Ellefson, Kevin Umbach, and Randy Smith (first, second, third). 422 winners were Roy Andrassy, Jeff Martin, and Harold Sattler

On July 15, 16 the Calgary Miniature Pylon Racing Association hosted their summer contest. This was a two-day 422 event. Eight rounds were planned for each day. Saturday's weather forecast was for 90 degrees and bright sun. Fortunately we had some cloud cover that cooled things off to a very tolerable low 80s. The Calgary club also had a good contingent of club helpers who are gaining experience each year. Many are return helpers now so the quality of help is really good. Day one was swept by the Saskatchewan crew of Harold Sattler, Henry Rekekop, and Jeff Martin. It's not often the Calgary boys are swept clean.

District 3

a small but fierce contingent of District 3 422 pilots and callers at the Edmonton pylon race

Day two in Calgary started off sunny and warm with calm winds. Shortly after the racing started, the wind direction turned to a nasty 45 degree downwind takeoff. We fly from a grass field with plywood boards for takeoff. This posed a problem for many with several nose-overs occurring on takeoff. Landings were difficult within the tight field surroundings. The eight-round schedule was halted at five rounds after a pilot vote to do so. Winners for day two were Roy Andrassy, Doug Houston, and Henry Redekop. Fast time for the weekend went to Roy with a 1:04.89.

Most of the usual Canadian clowns missed the Muncie Nats this year. On July 17, Hank and Roy left for the F3D world championships in Sweden. Normally, I rely on Roy to be my chauffeur from the Indy airport and to call for me for the week. As a result, I decided to skip the Nats this year as well. Hopefully we will see you next year. In our place, some new Canadians held our spot in the pit area. Cory Paine and father Rick Paine and Dave Ford attended their first US Nats. They participated in 424, 426, and E-F1 and they had a blast. Rick placed fourth in 424, Cory was seventh, and Dave finished tenth. Cory also placed tenth in E-F1. Not bad for a first Nats!!! Great job guys, you held up the Canadian end of the Nats very well. I hope you realize that next time, one of you has to be the designated "Bitchy" for the week?!!

Saskatoon will hold their annual summer contest on August 26, 27, and Medicine Hat will host a two-day 426 race on Sept 9, 10.

Randy Smith Email: pylon.guy@shaw.ca

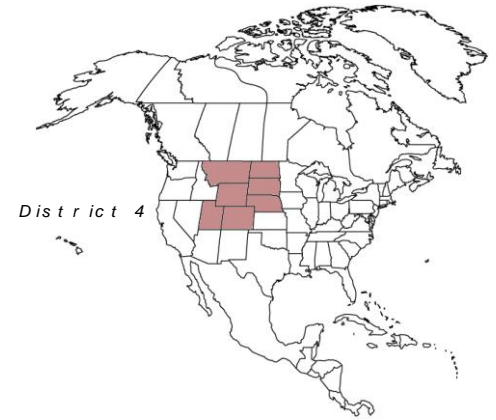

The 426 Boyz from District 3 get together for a 'Quickie' in Edmonton.

DISTRICT NEWS

District 5: Jim Nikodem

Another action packed season underway! The Cincinnati Moonshot went off really well in all departments the first weekend in June. Great weather, great workers, great site, and great dinner at the field Saturday night. It was a well-attended race in all events. Three events Saturday. EF1 started the day with 13 entries and some very competitive racing. Mike Helsel came out on top after a fly-off at the end of the day with Jim Nikodem. Mike also had the fast time by about three seconds. In 424 Kevin Mathew won the fly-off at the end of the day for first. Brad Clayton was second, and in a fly-off for third Rick Vogelsang pulled out a win in the fly-off against Scott Smithwick (from Florida) to take third. Adam Oswald is a guy to watch. After 15 years off from R/C airplanes (he has been flying RC helicopters), he was back after a couple of practice flights Friday (and a new Quick V6) and 424 racing Saturday and Sunday. By Sunday he took fast time! Pretty impressive! 426 was the biggest event of the weekend, so four plane heats were flown. At the end of the day, Rocket Ray Brown had a perfect day and fast time (102.80)! Rich Beers was second, and Mike Helsel was third. Just out of the trophies was up and comer Scott Farnsworth who runs the Baldwin Michigan race in July. Consider this fantastic race opportunity and maybe stay a few days in this outdoor paradise! Flying takes place on a closed (temporarily) full scale airport. Lots of room, and also a site for RC jets. Sunday had 424 and Q40. Jim Nikodem came out on top with Rick Vogelsang calling. Rick came in second, and Mark Fiest came in third

with Rick doing the calling. Way to go Rick. In Q40 the top three spots came down to a flyoff. Terry Frazer survived to take first. Dub was second and Steve Baker third. Rocket Ray took fast time again with a very impressive 1:00.58! That was a second and a half quicker than the next fastest (Bill Johanson). Total field was 20 entries.

Rocket Ray Brown and Moonshot CD Tom Scott

Two members of the Pylon Dancers team Dan Hiller and Uncle Jim Hiller. Not pictured is Dan's Dad Bill

Moonshot 1/4 40 winner Terry Frazer with CD Tom Scott

Dream Team and longtime racers Mick Warning (flying) and Darwin Larson

Three weeks later was the start of the ninth year of racing in Bloomington Illinois. This is the NATS warmup race since three of the four NATS three pole events were flown each day. Lots of practice happened Friday on what most would consider a windy day. For those who practiced, it paid off, because it was windy most of Saturday and Sunday. Even better practice for the NATS since you have to be ready for anything. Darwin Larson came out on top of 424 on Saturday, and in a fly-off for second Mark Zeil won with Mick Warning coming in third. Mick also got the fast time of the day. In 426, second time competitor in the event Larry Liscowsky earned first place. Larry has competed in EF-1 for many years, and a few years ago added 424, and now is in his first year of 426.

Watch out for Larry; here he comes! He also had one of the fastest times of the day. The fastest time honor went to Tim Lampe. Second was determined by a fly-off. Jim Nikodem won taking second, with Darwin Larson third.

Sunday started out calm and sunny, and stayed sunny but not calm. The club did a great job of supporting the race and made everything happen flawlessly. Tom Melsheimer took care of the CAPS Judgeman system - transport as well as set up and take down. Thank you, Tom! He also had

a big part in training the club to do the matrix construction. By the way, five rounds of all three events were flown each day. In EF-1 Tim Lampe took first place and fast time. In 424, Darwin took first, Jim Nikodem second (and fast time), and Mick Warning took third. In 426, Larry struggled a little with some bad motor runs, but I think he has needling the Jett figured out now. Darwin Larson came in third with fast time. A fly-off determined the winner and almost set fast time. Bernie Vanderleest won the fly-off, and Jim Nikodem ended up second.

Another great Bloomington race in the record books. Their next race is the second weekend in September. Great club support and a great field make for a great race!

424 racing action in Bloomington IL. Tom Melsheimer launching in Lane 2

District 7: Scotty Smithwick

Scotty profanes of Rules Violations!!! He also believes the only dumb question is the one you don't ask :-)
After all the "Scotty" questions the following has come to light: No penalty rules exist on the AMA books; the CD is at liberty to decide appropriate penalty ~ How interesting is that?? We ARE in a Rules Year :-) :-), and Mr. Tony Stillman handles the AMA Rules changes and additions!!!

After the rules violation, I thought, what about all the "Other Guys" who practiced very hard, saved their monies, managed their vacation time, family schedules, etc, etc, and then drove thousands of miles, only to compete on an uneven playing field? "Not The Time" to discourage pylon event attendance!

Scotty will be meeting with Mr. Stillman to discuss establishing penalties for a rules violation. Hopefully the penalties will be of such severity that rules violations become "Simply Prohibitive"! My initial thoughts are

1. Current event disqualification
1. The pilot be dismissed from further Pylon Events at the Current Nats

2. The pilot not be allowed to compete a next years "Nats"
On a more happy note, I must say Maureen and I TOTALLY enjoyed our First Nats!!! Lots of flying experience, learning, improvements, and most importantly, serious time spent with good friends!!

The other thing I realized while at the Nats is that SEMPRA is totally loaded with world class pilots, and most were in attendance!! Maureen & Scotty cited in the Nats News, as "Fierce Competitors" :-), Mike Helsel, Marcus & Bryan Blanchard, Bob & Linda Brogdon, Billy Johansson, Josh & "Paw-Paw" Dean Stone, our president Trey Witte!

While 3 pilots were not in attendance, they were in Sweden, representing SEMPRA and our great USA at the FAI World Pylon event. They are Rocket Ray Brown, Randy Bridge, and Gary Freeman Jr.

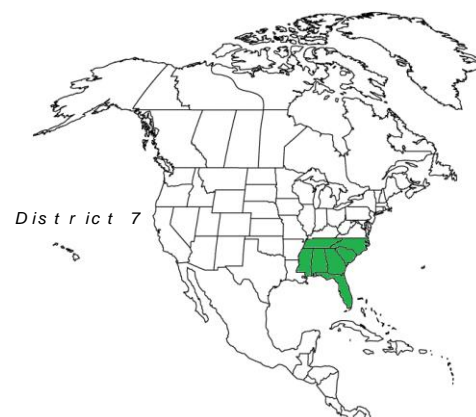

Dennis O'Brien was at the Nats in spirit, giving Scotty his Pylon Products inventory to support the pilots' parts requirements! A special thanks to Mr. Dub Jett for helping Scotty ensure he did not sell a Q-40 connecting rod to a Sport 40 customer! Dennis has told me he will attend next year's Nats; he just can't stay away. No kidding, I have decided to take my transmitter with me :-) :-)

Josh decided to bring his GIANT Cadet Trainer, Big, Clear Red monokote, cruising around behind a big 4 stroke. It was so COOL. Many pilots ran out to the flight line asking Josh if they could fly his plane ~ How special is that!! One pilot even said, "I need to get me one of these!!!!!!!!!!!"

A few weeks ago,, my "Other" club, LARKS of Tavares, approached me about hosting a race! After much discussion as to cost, club/worker commitment, the club remains enthusiastic~~ How exciting is that!!!! Next steps are to meet with Lake County officials to gain permission to have a much larger population competing over 3 days at the Land Fill facility!

The LARKS field is 90 minutes north of Mulberry IRCC (Scott Smith Memorial) and 45 minutes northwest of Apopka RCACF (Tangerine)! The facility is almost identical to Mulberry, FLAT, all grass with a black cloth east/west 450' runway located atop a Lake County landfill! No fences, no gator ponds, no trees :-)

Access is excellent with plenty of room for pit/canopies, vehicle & RV dry camping! Safety is also excellent; the race course set-back easily attained, and the area is all industrial and vacant on the weekends. Very Cool!

There are, however, the ever present 4" vent tubes scattered across the area!

My proposed race course set-up has only one vent tube located left of the race course centerline and will in no way hamper or intrude with race starts! Landing approaches are completely unobstructed!!!

Finally and just for the record, after two years of flying Ninja and Miss Dara, Scotty has yet to crash into a vent tube :-) :-)

If and when Lake County is agreeable, I will be contacting Mr. Helsel to schedule the race!!!

Cross ALL fingers & toes; wish us luck and keep an eye on the Events Calendar!

SEMPRA membership remains anemic at 22, including Scotty and "M" :-)
We have, however, managed to amass a bank balance that eliminates the bank account monthly service charges! Our light system remains healthy so have not incurred any costs there! The good news is that SEMPRA was able to help subsidize the Smithwick purchase of this year's race fuel, with extra for sale to individuals!

Hopefully, next year, membership will increase and allow SEMPRA to stand financially on its own!

QTR ~ Don't Waste it!!!!

XXOO

Scotty & Maureen
